Reference Letter

for EPRO Ewa Magdalena Lach

Institute of Biotechnology and Molecular Medicine in Gdańsk (80-172) with headquarters at Trzy Lipy 3, is pleased to confirm that the EPRO Ewa Magdalena Lach, with headquarters at Geodetów 23, (84-120 Władysławowo, has completed the contract signed on 19.02.2021 for the total gross value of PLN 108,143.69 (in writing: PLN one hundred eight thousand one hundred forty three 69/100).

Exceptional research requires professional and reliable partners, which is why the Institute of Biotechnology and Molecular Medicine **once again trusted EPRO Ewa Magdalena Lach, to responsibly participate in the implementation of the "Shrimp Health Alert" project.**

EPRO's timely delivery of consumable laboratory supplies (research reagents, plastics) has allowed our Scientists to achieve spectacular results.

Reliability, efficiency and high diligence in contract execution are the features which should characterize a perfect partner. EPRO displays all of these values in its daily reality.

An additional value which we appreciate very much is the kindness, humour and positive disposition of the people making up EPRO, which allows us to carry out the project in a fantastic atmosphere and pleasant cooperation.

I recommend EPRO Ewa Magdalena Lach company as a reliable, professional and committed partner in the supply of high quality consumable materials for scientific research.

Yours faithfully,

Dawid Nidzworski
